Volvo FM 420 6X2 OPRIJWAGEN/MACHINE TRANSPORTER/PLATEAU/

Características generales

Marca	Volvo
Modelo	FM 420
Subcategoría	Rampa de carga
Lectura del contador	453.030km
Fecha de primera inscripción	16-02-2017
Color	Negro
Condición	Usado
Estado general	Bien
Combustible	Diesel
Clase de emisiones	Euro 6
Referencia	1790741

Propiedades

Peso individual	11.414kg
Capacidad de carga	15.586kg
Peso bruto vehicular	27.000kg
Longitud	950cm
Ancho	255cm
Cabina	No
Capacidad del cilindro	12.777cc

Especificaciones técnicas

Número de ejes	3
Configuración de ejes	6x2
Transmisión	Automático
Activos	420

Descripción

OFFER – Volvo FM 420 6x2 Recovery & Transport Truck Chassis Make: Volvo FM 420 Axle configuration: 6x2 Engine power: 420 hp Emission standard: Euro 6 Automatic transmission Full air suspension Day cab Air conditioning Alcoa alloy wheels Body Professional recovery and transport truck equipped with: Hardwood loading platform Hydraulic winch Hydraulically operated loading ramps Loading Ramp Dimensions Length: 4,000 mm Width: 650 mm Loading Platform Dimensions Length: 7,250 mm Width: 2,550 mm Platform height: 990 mm The spacious loading platform combined with the extra-long hydraulic loading ramps makes this truck ideally suited for the safe and efficient transport of: Passenger cars Light commercial vehicles Agricultural machinery Aerial work platforms Forklifts Construction equipment Other wheeled vehicles and machinery Thanks to the low loading platform and the full air suspension, the truck offers an excellent loading angle, allowing even vehicles and machinery with very low ground clearance to be loaded with ease. Weights Kerb weight: 11,415 kg Maximum payload: 15,585 kg Key Features ✔ Volvo FM 420 – 420 hp Euro 6 ✔ 6x2 axle configuration ✔ Automatic transmission ✔ Full air suspension ✔ Day cab with air conditioning ✔ Hardwood loading platform ✔ Hydraulic winch ✔ Hydraulically operated loading ramps ✔ 4-metre loading ramps ✔ Alcoa alloy wheels ✔ Loading platform: 7,250 × 2,550 mm ✔ Low platform height of only 990 mm ✔ Maximum payload of 15,585 kg Applications This Volvo FM 420 has been designed for professional vehicle recovery, vehicle transport and machinery transport. Its reliable Volvo drivetrain, fully air-suspended chassis and high-quality bodywork provide an excellent combination of durability, ease of operation, safety and low operating costs. A versatile transport solution for companies that require maximum reliability and efficiency in their daily operations.
