

Doosan DX190W-5

Algemene kenmerken

Merk	Doosan
Subcategorie	Wielgraafmachine
Kentekenplaat	TJN-48-P
Bouwjaar	2021
Datum eerste registratie	11-08-2021
Afgelezen urenstand	6840
Conditie	Gebruikt
Algemene staat	Erg goed
Brandstof	Diesel
Referentie	1790635
CE markering	Ja

Eigenschappen

Ledig gewicht

20.500kg

Doosan DX190W-5

Technische specificaties

Aandrijving	wheels
Vermogen	173hp

Omschrijving

The Doosan DX190W-5 is a 20.5 tonne wheeled excavator powered by a 125–129 kW (167–174 hp) Doosan DL06P Tier 4 final engine. It offers a maximum digging depth of 5.7–5.9 m, a breakout force of 130.5 kN, and a travel speed up to 35-36 km/h, designed for high stability with a 3-ton counterweight. Key Specifications Operating Weight: 20,500 kg Engine: Doosan DL06P 6-cylinder diesel (125 kW / 173.5 hp) Bucket Capacity: 0.76 – 0.93 Maximum Digging Depth: ~5.72 – 5.95 m Maximum Digging Reach: ~9.05 – 9.56 m Travel Speed: 35 – 36 km/h Dimensions (L/W/H): ~8.75 m x 2.53 m x 3.13 m Max Torque: 755 Nm @ 1400 rpm Performance & Features Stability: Features a 3-ton counterweight and a 2700 mm wheelbase. Hydraulics: Designed for high efficiency with improved fuel consumption. Comfort/Safety: Equipped with a ROPS/FOPS cabin. Structure: Reinforced boom and arm for increased durability.
