Geurts Trucks B.V. is pleased to offer this exceptionally well-equipped Volvo FH 540 6x4 Euro 6 heavy-duty crane truck, fitted with the powerful Fassi F710RA.2.28 XHE-Dynamic hydraulic loader crane with hydraulic winch. This impressive combination offers the perfect balance between heavy-duty transport capabilities, excellent lifting performance and maximum operator comfort. The Volvo features a powerful 540 HP Euro 6 engine, 6x4 drive configuration with hub reduction, a heavy-duty 10-ton front axle and a fully reinforced factory chassis. The Fassi 71 ton/meter crane is equipped with eight hydraulic extensions, a powerful hydraulic winch, radio remote control and five stabilizer points, including a front stabilizer. A major advantage of this vehicle is the ability to operate the crane directly in front of the cab, thanks to the additional front stabilizer. An ideal truck for heavy lifting, machinery installation, steel construction, industrial applications and specialized transport.
