Volvo FM 420 6X2 OPRIJWAGEN/MACHINE TRANSPORTER/PLATEAU/

General characteristics

Brand	Volvo
Model	FM 420
Subcategory	Loading ramp
Meter reading	453.030km
Date of first registration	16-02-2017
Colour	Black
Condition	Used
General state	Good
Fuel	Diesel
Emission class	Euro 6
Reference	1790741

Properties

Single weight	11.414kg
Load capacity	15.586kg
GVW	27.000kg
Length	950cm
Width	255cm
Cabin	No
Cylinder capacity	12.777cc

Technical specifications

Number of axes	3
Axis configuration	6x2
Transmission	Automatic
Assets	420

Description

OFFER – Volvo FM 420 6x2 Recovery & Transport Truck Chassis Make: Volvo FM 420 Axle configuration: 6x2 Engine power: 420 hp Emission standard: Euro 6 Automatic transmission Full air suspension Day cab Air conditioning Alcoa alloy wheels Body Professional recovery and transport truck equipped with: Hardwood loading platform Hydraulic winch Hydraulically operated loading ramps Loading Ramp Dimensions Length: 4,000 mm Width: 650 mm Loading Platform Dimensions Length: 7,250 mm Width: 2,550 mm Platform height: 990 mm The spacious loading platform combined with the extra-long hydraulic loading ramps makes this truck ideally suited for the safe and efficient transport of: Passenger cars Light commercial vehicles Agricultural machinery Aerial work platforms Forklifts Construction equipment Other wheeled vehicles and machinery Thanks to the low loading platform and the full air suspension, the truck offers an excellent loading angle, allowing even vehicles and machinery with very low ground clearance to be loaded with ease. Weights Kerb weight: 11,415 kg Maximum payload: 15,585 kg Key Features ✔ Volvo FM 420 – 420 hp Euro 6 ✔ 6x2 axle configuration ✔ Automatic transmission ✔ Full air suspension ✔ Day cab with air conditioning ✔ Hardwood loading platform ✔ Hydraulic winch ✔ Hydraulically operated loading ramps ✔ 4-metre loading ramps ✔ Alcoa alloy wheels ✔ Loading platform: 7,250 × 2,550 mm ✔ Low platform height of only 990 mm ✔ Maximum payload of 15,585 kg Applications This Volvo FM 420 has been designed for professional vehicle recovery, vehicle transport and machinery transport. Its reliable Volvo drivetrain, fully air-suspended chassis and high-quality bodywork provide an excellent combination of durability, ease of operation, safety and low operating costs. A versatile transport solution for companies that require maximum reliability and efficiency in their daily operations.

Accessories

- Trailer coupling
- Automatic
